Logitech Solutions for Microsoft Teams Rooms on Windows

Transform any space into a Microsoft Teams® Room on Windows® with one-touch join or Proximity Join, wired and wireless content sharing, and center-of-room control with Tap. Logitech® room solutions are available for rooms of all sizes with accessories to suit each space.

Pre-Configured Video Conferencing for Meeting Rooms

Logitech Room Solutions for Microsoft Teams Rooms include everything you need to build out meeting rooms of any size or shape—a mini PC, a mini PC, an AI-powered Logitech video conferencing system, and the Logitech Tap touch controller. Plus, device management has never been easier through Logitech Sync or the Microsoft Teams Rooms Pro Management portal.

Systems arrive neatly packaged and ready for secure installation, and include configuration and support resources with Logitech Jumpstart. With premium components, clever cabling, and flexible mounting, Logitech room solutions make it easy to deploy Microsoft Teams Rooms throughout the workplace.

Windows solutions for every room

Huddle & small spaces

MeetUp 2 is an all-in-one USB conference camera for huddle and small rooms. It brings AI-driven features and sustainable hardware to rooms with a PC.

Rally Bar Huddle can be deployed as Teams Rooms on Windows with Tap and a certified PC provided by Logitech. You can also choose to connect directly to a laptop for use as BYOD. Rally Bar Huddle brings AI video intelligence, advanced sound processing, noise suppression, and ongoing software improvements to smaller meeting spaces.

Open & medium spaces

Select Rally Bar 2 in medium spaces to get the best view of everyone in the room. With next-generation processing power, this device excels today and is prepared for tomorrow's AI-driven meeting experiences. Rally Bar 2 is designed to be installed quickly and easily by a single person with the included wall mount.

Rally Board 65 can also be used in Open Spaces. Rally Board 65 is an all-in-one collaboration device that combines powerful audio and video with a 65-inch touch display.

Medium to large

In larger rooms, deploy Rally AI Camera Pro to intelligently focus and frame people in a meeting room as if they were up close. Rally AI Camera Pro automatically frames groups, individuals, and presenters and is made for high-value spaces like conference rooms, training rooms, and classrooms.

In these spaces, Rally AI Camera Pro by itself may be sufficient. But it also works brilliantly in multi-camera setups where you want to capture presenters, instructors, and participants from multiple angles.

Large and divisible spaces

Logitech Rally System 2 Pro is a next-generation modular room system that makes even your most demanding environments streamlined and smart. Rally System 2 Pro includes Roommate 2 Pro, Rally AI Camera Pro, Rally Speaker 2 and two Rally Mic Pod 2s which can be easily expanded using Logitech Link technology.

Featured components

Meetup 2

MeetUp 2 brings a simple setup, advanced AI-enabled audio and video features, and easy remote management to PC and BYOD-based deployments.

Meetup 2 is easy to set up in small spaces thanks to multiple mounting options and clean cabling.

Rally Bar Huddle

Designed to deliver Microsoft Teams video meetings with ease, Rally Bar Huddle is quick to set up, simple to manage, and works seamlessly with Teams Rooms on Windows or Android. Enjoy AI video intelligence, advanced sound pickup, noise suppression, and ongoing software improvements.

Rally Bar 2

Built on Logitech's category-leading innovation in video conferencing technology, Rally Bar 2 future-proofs you for the AI revolution.

Built on MDEP, it combines exceptional audio and video with the intelligence of Microsoft Teams to deliver a collaboration experience where everyone is seen and heard with impeccable detail. With a sleek, low-profile design, it takes minutes to install and manage.

Rally System 2 Pro

This is a next-generation modular room system, built on MDEP, that makes even your most demanding environments smarter and more streamlined.

Replace fragmented, multi-vendor complexity with seamless AV-over-IP connectivity via Logitech Link, in a unified, high-performance ecosystem—and modernize complex multi-purpose spaces.

Tap

Touch controller for Microsoft Teams Rooms on Windows

- Responsive 10.1" touch screen
- Commercial-grade cabling and cable management
- Supports no-touch room pairing with Proximity Join
- Supports table mount, riser mount and wall mount.

Logitech Rally Board 65

Everything you need to quickly add video to meeting rooms and open spaces. Certified for Microsoft Teams Rooms on Windows, Rally Board 65 is an all-in-one video conferencing device that integrates crystal-clear video, powerful audio, and AI-driven features — all in a single 65" touchscreen.

Designed for flexibility, Rally Board 65 provides multiple mounting options: Position the camera above or below the screen to maintain natural eye contact in any space. Mount it on a table, credenza, or wall with a standard VESA mount. Or place it on a cart to have the flexibility to move it anywhere it's needed.

Rally AI Camera Pro

Rally AI Camera Pro reimagines video meetings with powerful optics for complex spaces. With its cutting-edge dual-camera system and advanced intelligent features, it delivers stunningly crisp video to create clear, connected experiences.

Accessories

Rally TV Mount 2

Go from unboxing to your first meeting in minutes with a video bar optimized for easy installation.

Rally Bar 2 Wall Mount

Easily service the video bar with a mount that pivots 90° when installed for instant access to ports and cables.

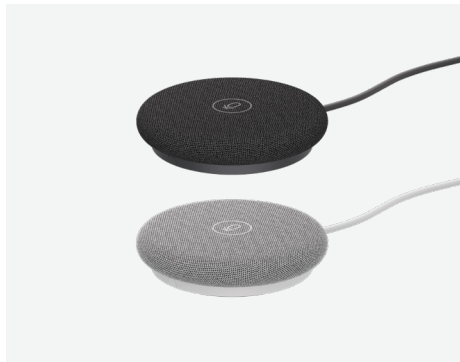

Rally Bar 2 Table Stand

Enables placement of Rally Bar 2 on a shelf or credenza.

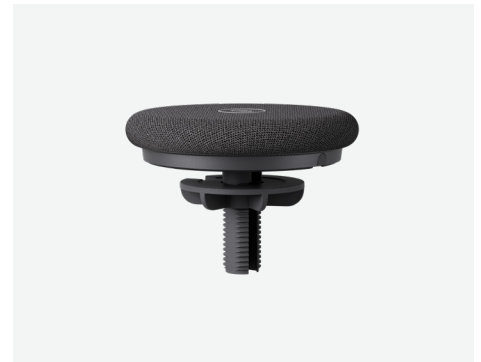

Logitech Swytch

Use the AV equipment in your Microsoft Teams Room with any meeting, webinar, or streaming application.

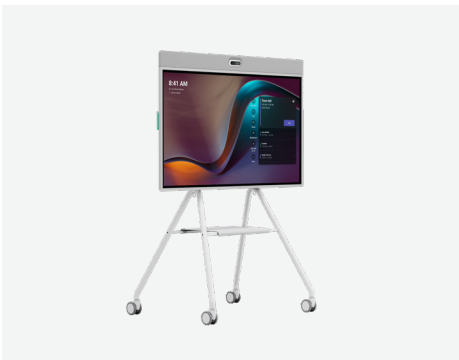

Rally Mic Pod 2

Extend studio-quality audio pickup to even more spaces. Designed for Rally Board 65. Available in graphite or off-white.

Rally Mic Pod 2 Mount

Easily mount Rally Mic Pod 2 on a table or in the ceiling. Available in graphite.

Rally Board 65 Cart

A purpose-built, durable mobile stand for effortlessly moving Rally Board 65 around workspaces.

Rally AI Camera

Rally AI Camera blends effortlessly into the environment, with versatile wall or in-wall mounting options for a subtle, professional look.
