Logitech Solutions for Microsoft Teams Rooms on Android

Simple meeting room solutions for every space

Easily turn any space into a Microsoft Teams Room. Logitech solutions for Microsoft Teams Rooms on Android — from video cameras and touch controllers to AI-powered meeting room accessories — for any room size or shape. Configure your small, medium, or large room, then customize with mounts and accessories to better equip each space.

Deploy Logitech solutions for Microsoft Teams Rooms on Android — from video cameras and touch controllers to AI-powered meeting room accessories — for any room size or shape. Configure your small, medium, or large room, then customize with mounts and accessories to better equip each space.

Support for Microsoft Teams Rooms on Android means set up is remarkably simple with no need for a PC. Integration with Microsoft IntelliFrame enhances

the meeting experience by intelligently framing in-room participants, while speaker recognition and attribution ensures every voice is heard and credited in meeting transcripts. Plus, device management has never been easier through the Microsoft Teams Admin Center.

Systems arrive neatly packaged and ready for secure installation. With premium components, clever cabling, and flexible mounting, Logitech room solutions make it easy to deploy Microsoft Teams Rooms throughout the workplace.

Android solutions for every room

Huddle to small

Rally Bar Huddle is an all-in-one video bar for small huddle rooms. With AI video intelligence, advanced sound pickup, noise suppression, and other ongoing software improvements, Rally Bar Huddle ensures a clear and natural meeting experience for remote employees — and it's quick to set up and manage in Teams Pro Management Portal or Logitech Sync Portal..

Open and medium

Select Rally Bar 2 in medium spaces to get the best view of everyone in the room. With next-generation processing power, this device excels today and is prepared for tomorrow's AI-driven meeting experiences. Rally Bar 2 is designed to be installed quickly and easily by a single person with included wall mount.

Rally Board 65 is an all-in-one collaboration device that combines powerful audio and video with a 65-inch touch display.

Medium to large

In larger rooms, deploy Rally AI Camera Pro to intelligently focus and frame people in a meeting room as if they were up close. Rally AI Camera Pro automatically frames groups, individuals, and presenters and is made for high-value spaces like conference rooms, training rooms, and classrooms.

In these spaces, Rally AI Camera Pro by itself may be sufficient. But it also works brilliantly in multi-camera setups where you want to capture presenters, instructors, and participants from multiple angles.

Large and Divisible

Logitech Rally System 2 Pro is a next-generation modular room system that makes even your most demanding environments streamlined and smart. Rally System 2 Pro includes Rally AI Camera Pro, Rally Speaker 2, and dual Rally Mic Pod 2s.

Featured components

Logitech Rally Bar Huddle

AI conferencing features (Grid View and Front Row) and other updates available through CollabOS, without having to connect to a separate PC

Powerfully clear audio intake optimized by RightSound™ to ensure remote participants always feel included in virtual meetings

Automatic privacy shutter, one multi-mount that enables mounting in three configurations, secure cable management, and more

Logitech Rally Bar 2

Built on MDEP, Rally Bar 2 combines exceptional video and audio with the intelligence of Microsoft Teams to deliver a collaboration experience where everyone is seen and heard with impeccable detail. With a sleek, low-profile design, it takes minutes to install and moments to manage.

Logitech Rally AI Camera Pro

Rally AI Camera Pro reimagines video meetings with powerful optics for complex spaces. With its cutting-edge dual-lens system and advanced intelligent features. It delivers stunningly crisp video to create clear, connected experiences.

Logitech Rally System 2 Pro

This is a next-generation modular room system, built on MDEP, that makes even your most demanding environments smarter and more streamlined.

Replace fragmented, multi-vendor complexity with seamless AV-over-IP connectivity via Logitech Link, in a unified, high-performance ecosystem—and modernize complex multi-purpose spaces.

Logitech Tap IP 2

Network-connected touch controller

- Responsive 10.1" touch screen
- Single Power Over Ethernet cable and secure cable management
- Supports "proximity join" to join a room or add it to a meeting

Optional table and riser mounts add convenience and rotate 180° for easy viewing. Or, add a wall mount to save space in small and multipurpose rooms.

Logitech Rally Board 65

Everything you need to quickly add video to meeting rooms and open spaces. Certified for Microsoft Teams Rooms on Android, Rally Board 65 is an all-in-one video conferencing device that integrates crystal-clear video, powerful audio, and AI-driven features — all in a single 65" touchscreen.

Designed for flexibility, Rally Board 65 provides multiple mounting options: Position the camera above or below the screen to maintain natural eye contact in any space. Mount it on a table, credenza, or wall with a standard VESA mount. Or place it on a cart to have the flexibility to move it anywhere it's needed.

Rally AI Camera Pro

Rally AI Camera Pro reimagines video meetings with powerful optics for complex spaces. With its cutting-edge dual-camera system and advanced intelligent features, it delivers stunningly crisp video to create clear, connected experiences.

Accessories

Rally TV Mount 2

Go from unboxing to your first meeting in minutes with a video bar optimized for easy installation.

Rally Bar 2 Wall Mount

Easily service the video bar with a mount that pivots 90° when installed for instant access to ports and cables.

Rally Mic Pod Mount

Hide cables and anchor mics on the table or ceiling for a clean, finished look. Available in graphite or off-white.

Rally Board 65 Cart

A purpose-built, durable mobile stand for effortlessly moving Rally Board 65 around workspaces.

Rally Mic Pod 2

Extend studio-quality audio pickup to even more spaces. Designed for Rally Board 65. Available in graphite or off-white.

Rally Mic Pod 2 Mount

Easily mount Rally Mic Pod 2 on a table or in the ceiling. Available in graphite.

Logitech Extend

Bring your own meeting to the video conferencing room via a single USB-C cable.

RoomMate 2

Simplify video enablement in high-impact spaces, supports next-generation collaboration across larger, multi-purpose, and divisible rooms.

Rally AI Camera

Rally AI Camera blends effortlessly into the environment, with versatile wall or in-wall mounting options for a subtle, professional look.
